Mission critical services for low temperature environments

DeBra-Kuempel is the region's largest and most complete low-temperature refrigeration services provider.

Our factory authorized experts design, install and maintain highly reliable refrigeration equipment and systems in a wide range of mission-critical environments, including blood banks, hospitals, laboratories, research facilities, storage centers, test chambers

and more. No matter how demanding the specifications or tight the tolerance, you can count on us to provide the innovative and dependable refrigeration solutions you need for precise temperature control, minimal downtime and maximum productivity.
