

## Proven Biosafety Cabinet and Chemical Fume Hood Expertise

At DeBra-Kuempel, our factory-authorized experts have extensive experience working with some of the most complex biosafety cabinets and chemical fume hoods on the market, as well as related HVAC connections.

We're prepared to help your sophisticated equipment meet all American National Standards Institute (ANSI), National Science Foundation (NSF), and American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) regulations.

Our team is even trained to provide mechanical solutions for Biosafety Level 3 (BSL-3) laboratories. We understand the rigorous standards of BSL-3 environments and have extensive knowledge of the unique needs of these labs, including all directional airflow requirements.

### OUR EXPERTISE

#### Biological safety cabinets

- » Installation
- » Maintenance
- » Certification
- » NSF/ANSI 49 standards
- » Site assessments

#### Chemical fume hoods:

- » Certification
- » Repair
- » ANSI/ASHRAE 110 standards

#### Laboratory HVAC equipment and connections

- » Installation
- » Certification
- » Maintenance

#### Experience with leading manufacturers

- » Thermo Fisher Scientific
- » Baker
- » NuAire
