

**BUILDING
AUTOMATION SERVICES**

DeBra-Kuempel

An EMCOR Company

Automated Solutions to Help Minimize Building Costs and Maximize Savings

DeBra-Kuempel offers more than **40 years of experience designing and installing building automation systems**, ranging from the latest internet-based open-architecture technologies to complex pneumatic systems. By implementing advanced energy-saving algorithms, we can help **optimize your HVAC, lighting, and other building systems**. We work with many system manufacturers, so we can customize the right solution for you.

Comprehensive Systems Expertise

Our building automation specialists and electricians are factory-certified to meet the demands of **all types of systems including:**

- > DDC
- > Electronic control
- > Lighting control
- > Network/internet-based open architecture

Full-Service Design-Build, Installation, and Maintenance

From design through ongoing maintenance and technical support for all your automation, **we deliver a full-service approach including:**

- > System design
- > Integration
- > Installation
- > Programming
- > Networking
- > Independent system commissioning
- > Graphic services
- > Preventive and emergency maintenance

You get a complete package of high performance services that all work to improve your facility's comfort, productivity, and energy-efficiency.
