

**DeBra-Kuempel**  
An EMCOR Company

**CAPABILITIES**

## Your Single-Source MEP Solution

### OUR ADVANTAGES

Single-source solutions

70+ years of experience

Design-build/engineering expertise

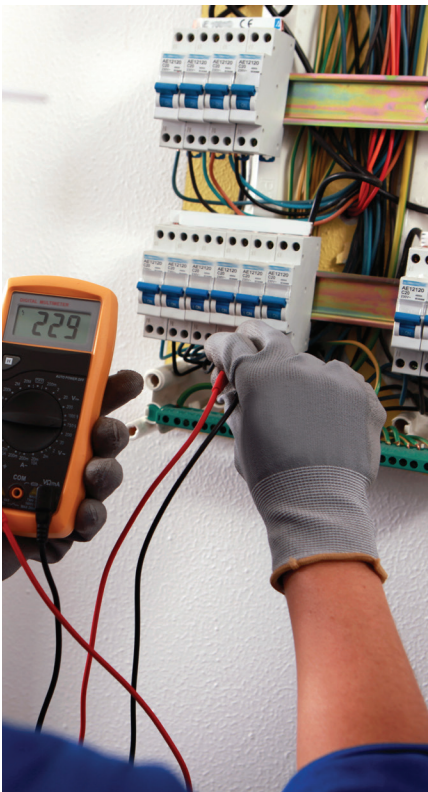

In-house fabrication facility

CAD/CAM/3D expertise

NICET Level II certification

Paperless work order management

24/7/365 support

Serving clients across Ohio, Kentucky, and Indiana, DeBra-Kuempel is one of the largest mechanical, electrical, and plumbing (MEP) contractors in the region. From preventive maintenance and emergency services to new construction and retrofits, we can handle all your needs, regardless of size or complexity.

Our team has expertise in a range of MEP equipment, as well as specialty process piping and building automation systems, and are backed by in-house engineering, and fabrication. We focus on building long-term relationships based on outstanding quality, which is why more than 80 percent of our business comes from repeat customers.

### Mechanical Services

We offer complete design, installation, repair, retrofit, replacement, startup, and maintenance services for a variety of mechanical equipment and systems.

- > HVAC
- > Boilers
- > Chillers
- > Cooling towers
- > Data room equipment
- > Freezers, environmental chambers, and refrigeration

### Electrical Services

Our fully licensed electricians can design, install, and maintain a wide range of electrical power distribution, life safety, security, and other commercial electrical systems.

- > Power distribution
- > Low voltage
- > Fire alarm
- > Data and structured cabling
- > Solar and battery systems
- > Emergency power

Transportation

**Plumbing Services**

With licensed plumbers in Ohio, Kentucky, and Indiana, we provide reliable, responsive commercial and emergency plumbing services that can help keep your sanitary, storm, water, wastewater, and gas utility systems trouble-free while meeting health and safety regulations.

- > System installation
- > Backflow inspections
- > Maintenance and repair
- > Medical gas and healthcare systems
- > Hydro jetting

**Process Piping**

Our licensed and certified pipe fabricators can design, fabricate, install, and service a wide range of process piping assemblies and components, delivering solutions tailored to a range of industries.

- > Carbon, stainless, and alloy piping
- > Steam, chemical, gas, and compressed air piping
- > Heat exchangers
- > Assembly packages
- > Pressure vessel manufacturing and repairs
- > Engineering design/review

**Additional Services**

Along with our core MEP offerings, our team has broad engineering, facilities, and construction expertise.

- > Sheet metal fabrication
- > Building automation systems
- > In-house engineering
- > Laboratory mechanical equipment
- > Testing and balancing (TAB)
- > Equipment testing
- > Energy management
- > Scaffolding
- > Special projects
- > Facilities services
